

Design Group LLC

FOR IMMEDIATE RELEASE: 10 July 2009

HA Design Group has completed the HD Channel Upgrade for WHYY Philadelphia.

Philadelphia, Pa –10 July 2009 -- HA Design Group LLC has completed the drawings and project oversight for the HD Channel Upgrade.

The project began with a physical site survey of the WHYY ACE environment, followed by a review of the HD/SD channel requirements, rack space and a mark-up the existing ACE System wiring drawings/documents. HA Design Group worked collaboratively with WHYY staff to produce and review a revised set of drawings and documents. These drawing sets provided the road map for the integration of the new systems and also future system that will include surround sound.

About WHYY

WHYY, Inc. is a nonprofit corporation chartered by the Commonwealth of Pennsylvania and licensed by the Federal Communications Commission (FCC) to operate WHYY-TV and WHYY-FM, the public broadcasting stations serving southeastern Pennsylvania, Delaware and South Jersey. Offices and studios are located in Philadelphia and Wilmington.

About HA Design Group LLC

HA Design Group is an engineering firm that is driven to give our customers the best in design, engineering, and workflow practices. To give them a design that looks at important technical, operational, and business considerations. We look at innovative approaches to solve today's problems that broadcasters face using the latest in technology. For further information, visit www.hadesign.net.
